**What your advice means**

**'You are not fit for work'**

Your health condition means that you may not be able to work for the period shown. You can go back to work as soon as you feel able to and, with your employer's agreement, this may be before your fit note runs out.

**'You may be fit for work'**

You could go back to work with the support of your employer. Sometimes your employer cannot give you the support you need and if this happens your employer will treat this form as though you are 'not fit for work'. You do not need to get another of these forms.

For more information please visit [www.gov.uk](http://www.gov.uk) and type 'fit note guidance for patients and employees' into the search field. Fit note guidance for employers is also available.
